

CITY OF JACKSON

ANNUAL
BUDGET

2017

City of Jackson

February 1, 2017

To the Honorable Mayor and Members of the Board:

As Budget Officer, I am pleased to submit this amended budget, which represents our proposal for the anticipated revenues and the associated spending plan for the City of Jackson, for 2017.

The document, which is presented, is an amended version of the preliminary budget that was approved on December 5, 2016. This amended budget presents precise beginning balances for all of the various funds and accounts, as of January 1, 2017, and reflects balances to be approximately 3.99% greater than originally projected.

This proposal, again, provides for continued funding of the operation and maintenance of our many departments, at a level to adequately meet the public need. All departments are appropriately represented and funded to provide for current year expenditures.

Additionally, this budget incorporates the recommendations from an employee wage/salary/benefits study that was presented and accepted in late 2016. As in previous years, this plan continues to provide for the maintenance of the retirement system as well as for the contribution of a significant percentage of the funding necessary to provide for the maintenance of an excellent medical insurance benefit.

Employees continue to absorb the increases in that portion of their medical insurance premiums that is attributed to their dependent coverage. Even with that required contribution, employees are still afforded inexpensive medical coverage. It should be noted that for 2017, employees saw an increase in their premiums, ranging from 5% to 6%, depending upon the coverage selected.

With regard to other specific areas of this proposal, I would offer the following comments.

This budget proposes continued expenditures for the operation and maintenance of our electrical distribution system, in addition to appropriations for several needed capital improvements.

Included in these capital improvements are the:

- 1) Uptown historic lighting/event pedestal project
- 2) 34.5 kV loop to west substation project

- 3) Site preparation for north substation project
- 4) Ramsey Branch distribution line extension project
- 5) South Farmington Road to Industrial Park connection project.

Projected revenues in the electric operation reflect the changes resulting from an electric rate adjustment for 2017. Those rate adjustments, amounting to .7%, became effective in January, 2017, and are attributed to the increase in the Consumer Price Index, as certified by the Missouri State Tax Commission.

As of December 31, 2017, numbers indicate that the surplus is maintaining an appropriate balance to fund the many projects associated with our electric operation. As part of this balance, it is important to remember that approximately three and one-half million dollars should be preserved as a safety net, to ensure that there are sufficient monies available to cover any unforeseen problems which may surface in the electric operation. Beginning in 2011, significant dollars were transferred to a newly created fund, the Capital Projects Fund. As of 2017, any funds that have been transferred, or will be transferred, will only be utilized for major improvements to the electric system. In 2017, three million dollars will be transferred to this fund.

This proposal continues to place appropriate emphasis on public safety. Equipment upgrades continue to be funded in the Police and Fire Departments. The Fire Department continues to operate and provide service from two separate stations and an administration building. During 2017, we will continue working toward developing final design plans, a financing plan, and the presentation of a ballot issue to voters, for the construction of a new police facility.

Public recreation projects are funded through park tax receipts, in addition to revenues generated from the Recreation Sales Tax. Subsidies to fund the park and pool operations continue to be made from this fund. Other monies generated from this tax are utilized to fund the operations of the Civic Center. Revenues from this tax were first collected in April, 2013. For 2017, it is expected that tax receipts will total approximately \$540,000.00.

Under this budget, the Road Use Tax Fund again provides for the City's annual asphalt street overlay program, as well as for the potential construction of additional portions of the City's trail system. Any extensions of the City's trail system projects continue to be funded from the auto sales tax portion of this fund.

Other significant street and transportation improvements are proposed under the Transportation Sales Tax Fund. Some budgeted items, under this fund, include:

- 1) Concrete street repairs/upgrades
- 2) Contractual street maintenance-joint sealing
- 3) Oversizing payments
- 4) Other miscellaneous street projects

Just as significant improvements have been planned in the previously mentioned funds, major upgrades are again planned for our water and sanitary sewer systems. To maintain the water utility, water rate adjustments are reflected in this budget, with the .7% increase attributed to the increase in the Consumer Price Index, as certified by the Missouri State Tax Commission.

As we enter 2017, city crews will continue with the installation of new meters under the AMR Project. Extensive main upgrades will continue under the first phase of the 2016 Water Bond Improvements. As in prior years, we continue to maintain contracts for the maintenance of all of our elevated towers and ground storage. This, we believe, will continue to be a very advantageous use of taxpayer dollars.

In regard to waste water projects, several significant projects are planned for 2017. Among those, the Klaus Park Force Main (design/construction) Project and the Williams Creek Interceptor Sewer Project represent expenditures of nearly three million dollars. As with the electric and water utilities, the revenues generated in the waste water operation are representative of a rate adjustment of .7%.

Once again, it is evident that this budget places emphasis on the continued upgrades to the City's infrastructures, while it continues to properly address the operational needs of our individual departments so that they may continue to provide our community with a full line of municipal services.

I respectfully recommend adoption of this amended budget for 2017.

Sincerely,

A handwritten signature in black ink that reads "James Roach". The signature is written in a cursive style with a large, stylized "R" and "L".
