Accessory & Portable Building Regulations

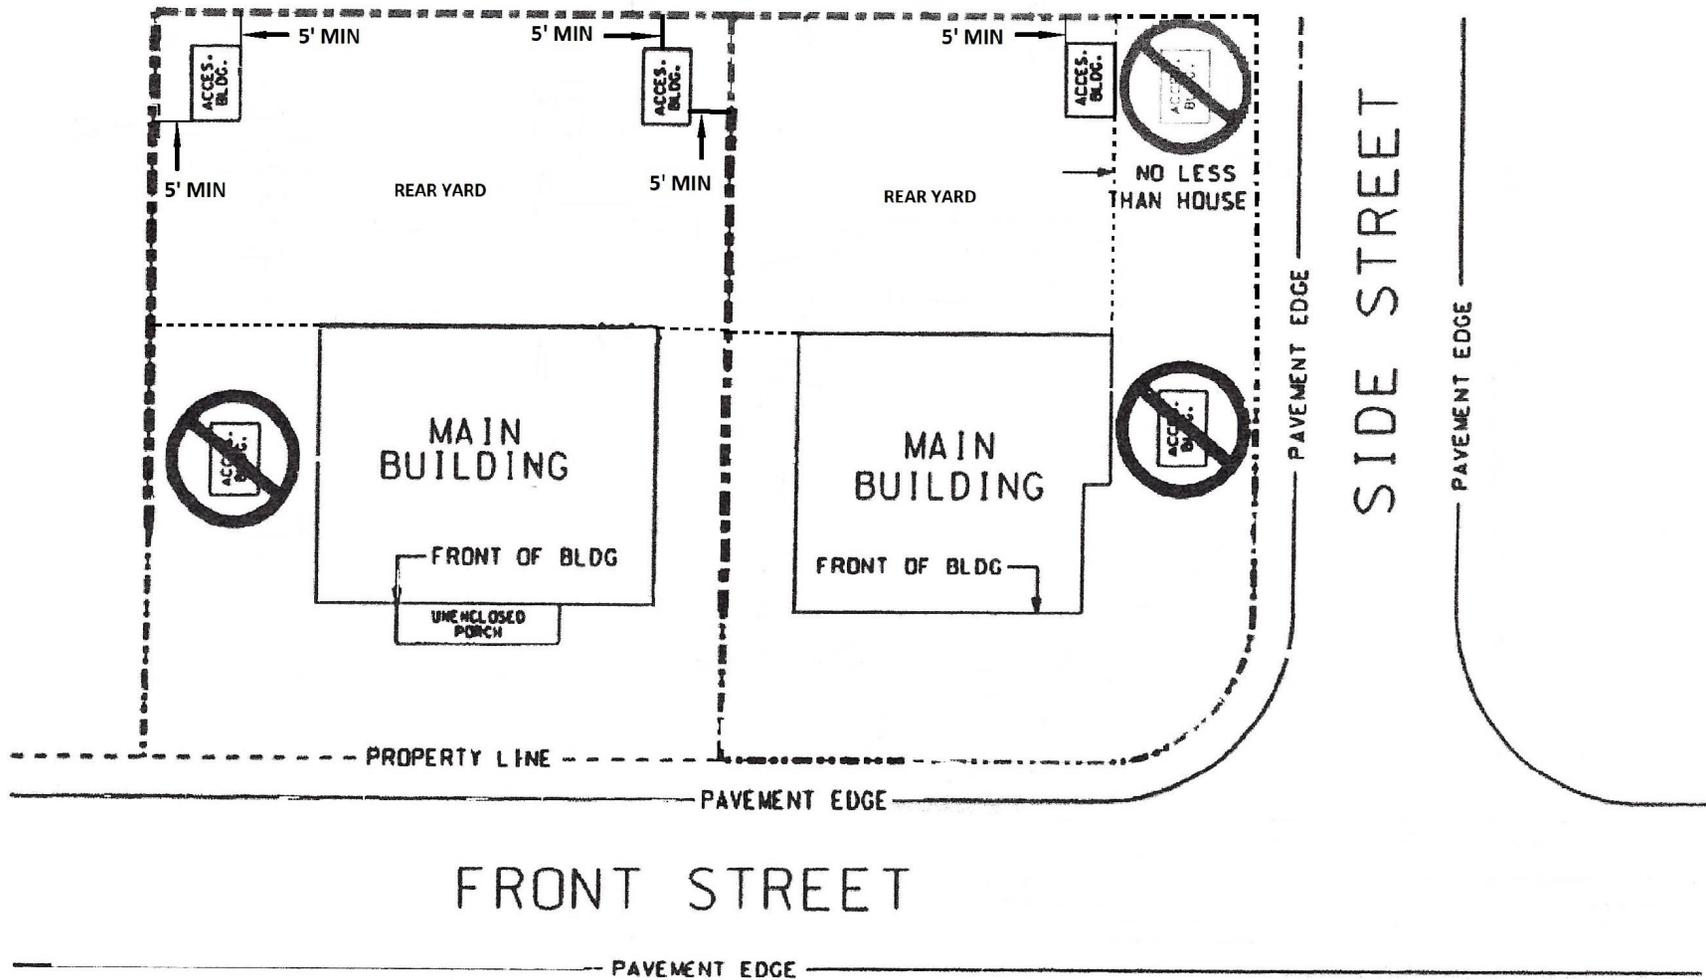

ACCESSORY BUILDING IS A SUBORDINATE BUILDING WHICH IS INCIDENTAL TO THE PRINCIPAL BUILDING OR USE AND WHICH IS LOCATED ON THE SAME LOT WITH SUCH PRINCIPAL BUILDING OR USE

1. No accessory buildings shall be constructed upon a lot until the construction of the main building has been actually commenced; and no accessory building shall be used for dwelling purposes, other than by domestic servants employed entirely on the premises.
2. Accessory buildings or structures shall not occupy more than thirty (30) percent of a required rear yard, shall not be nearer than five (5) feet to any side or rear lot line, and shall not be located over any public easement or right-of-way.
3. Detached garages and carports may be installed in a required rear or side yard, provided that the garage or carport does not extend closer to an adjacent front or side street than the main structure on the lot, exclusive of unenclosed porches which project into a required front yard. If a garage or carport is located closer than ten (10) feet to the main building, the garage or carport shall be regarded as part of the main building for the purposes of determining side and rear yards. When a garage is entered from an alley, it shall not be located closer than ten (10) feet to the alley line.
4. Portable or movable storage buildings or sheds, play houses, residential greenhouses, or plant shelters may be installed in a rear yard only and not nearer than five (5) feet to any side or rear lot line and shall be subject to all lot coverage requirements for the use and zoning district in which they are located.
